

Community Ties

We want to partner with you - if you have an idea or event you'd like to host - we're excited to collaborate!

Elk Rapids Harbor Days Association has hit the ground running, planning for our 69th festival! The goal is to honor our history and grow for the future. We THANK YOU for your support and this newsletter is to share information and ideas! **Community Benefit:** The festival serves as a significant annual fundraiser for some of our local non-profit organizations, who provide good works for the community all year long.
